# INVITATION LETTER OF DRONE WORLD CONGRESS 2020

## Dear UAV experts and entrepreneurs:

At the beginning of 2020, a sudden new coronavirus ravaged the world. During the pandemic, UAV have become a weapon to grapple with the challenge in which they have shown their value in prevention and virus control. To fully demonstrate the innovative feats of UAV /UAS, AI technology used in the prevention and emergency rescue, [the Drone World Congress 2020 and the 5th Shenzhen International UAV Expo will be held on September 13th - 15th.](#)

The conference was approved by the Shenzhen Municipal Bureau of Commerce, hosted by the China Electronic Information Industry Federation, Shenzhen Nanshan District People's Government, MIIT Procurement Center, Chinese Academy of Sciences UAV Application and Control Research Center, Shenzhen Nanshan IT Bureau , and undertook by Shenzhen UAV Industry Association. The three topics of the conference are "Pandemic Prevention, Innovative Application, and Safety Supervision".

The World Drone Conference has been successfully held for three times in Shenzhen in June 2017, June 2018, and June 2019. Thousands of industrial experts, scholars, and company leaders participated in the congress who came from more than 100 countries and regions around the world. At the same time, more than 200 domestic and foreign companies demonstrated new products and technologies of drones and unmanned equipment. The exhibition area exceeded 20,000 square meters. More than 30 forums were widely praised by domestic and foreign industries. The congress will focus on the global key research and application areas of UAVs and innovation in safety supervision, carry out academic exchanges at high-level and display the latest results; build a collaborative innovation platform worldwide; and explore the profound impact of UAVs on social development in the future. The congress will focus on three highlights of internationalization, specialization and marketization through various activities such as theme conferences, product demonstrations, and international competitions.

The organizing committee sincerely invites you to attend this congress and showcase your latest products and technologies at the exhibition areas.
